EDUCATION

CMR University

B.Tech in Computer Science **CGPA 8.42**

2023 - 2027

Bengaluru, India

Shaheen Indep PU College

PUC, State Board

2020 - 2022

Bidar, India

Vidyashree Model High School

Secondary School - CBSE

2019 - 2020

Bidar, India

HACKATHON and COMPETITIONS

- Participated in hackathon conducted by GeeksforGeeks (Women code To win 2025).
- Participated in hackathon conducted by Adobe (Adobe India Hackthon 2025).
- Participated and cleared competition conducted by Unstop (Unstop Talent Park 2025).
- Participated in Flipkart Runway: Season 5 and Flipkart Grid 7.0 conducted by Flipkart 2025.

PROJECTS

Quiz Application in Java | Java, Java Swing, Event-Driven Programming

- Designed a modular architecture with separate classes for login, quiz, scoring, and lifelines. Developed features like a 50-50 lifeline, countdown timer, and real-time score calculation. Created a user-friendly graphical interface using Java Swing for seamless navigation. Ensured scalability and maintainability with an object-oriented design approach.

E-Commerce Platform | React.js, Node.js, MongoDB, and AWS for scalability and real-time data.

- Developed a scalable full-stack e-commerce site with secure user authentication (JWT), product catalog, cart, and checkout. Integrated Stripe/PayPal for payments and third-party APIs for shipping and location services. Implemented AI-based product recommendations and state management using Redux for seamless user experience.
- Achieved 98 uptime and supported 1000+ concurrent users through AWS deployment and backend optimizations.

INTERNSHIP

Edunet Foundation

Front End Web Development Intern — Remote

08 2025 – 09 2025

Remote

- Completed a 6-week internship focused on Front End Web Development.
- Worked with HTML, CSS, and JavaScript to build responsive web pages.
- Designed user-friendly interfaces following basic UI/UX principles.
- Implemented interactive elements and improved page responsiveness.
- Participated in guided learning, assignments, and practical exercises.

TECHNICAL SKILLS

Languages: Python, Java, C, C++, JavaScript, SQL, NoSQL

Developer Tools: VS Code, Git, GitHub, Firebase, MongoDB, AWS

Coursework / Skills: Data Structure and Algorithm, OOP, DBMS, OS, Networking

Soft Skills: Time Management, Team Work, Communication, Problem Solving, Critical Thinking.

CERTIFICATIONS

- Introduction to Programming Using Python. (Mastering python essentials)
- Unstop Talent Park 2025
- Flipkart Runway 2025

CODING PROFILE

- LeetCode: 150+ problems solved).
