EDUCATION

CMR University

B.Tech in Computer Science **CGPA 8.49**

2023 - 2027

Bengaluru, India

Shaheen Indep PU College

PUC, Karnataka Board

2020 - 2022

Bidar, India

TECHNICAL SKILLS

Languages: Python, Java, C, C++, JavaScript, SQL, NoSQL

AI/ML: Machine Learning, Agentic AI, LangFlow, IBM Granite Models

Tools and Libraries: REST APIs, Git, GitHub, MongoDB, Firebase, AWS, Streamlit

Coursework / Skills: DSA, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

Soft Skills: Time Management, Team Work, Communication, Problem Solving, Critical Thinking.

PROJECTS

TruthLens AI | React.js, Node.js, Express.js, FastAPI, Python, MongoDB

- Developed a full-stack web application using React.js, Node.js, FastAPI, and MongoDB for real-time text and image misinformation detection.
- Designed REST APIs and implemented NLP-based trust scoring with an interactive dashboard for content verification and Processed 1000+ content samples during testing.

TeamBrain AI | Python, Streamlit, Azure AI, Multi-Agent Systems

- Developed a multi-agent project management system to track tasks, identify blockers, and automate status reporting.
- Built modular software components for task orchestration and report generation, improving workflow efficiency and Automated project reporting workflows reducing manual effort by 60 percent.

InterviewAce AI | LangFlow, Python, IBM watsonx.ai, FAISS

- Built an AI-powered interview preparation platform with resume analysis, technical and HR interview generation.
- Implemented RAG-based semantic search and personalized feedback to improve interview readiness and Generated personalized interview assessments for 100+ test sessions.

INTERNSHIP

Edunet Foundation

Jan 2026 – Feb 2026

Artificial Intelligence and Machine Learning Intern

Remote

- Completed a 6-week AI and ML internship focused on predictive analytics, model development, and AI-driven problem solving.
- Built a strong foundation in predictive analytics, model evaluation, and AI-powered problem solving through hands-on implementation.

HACKATHON and ACHIEVEMENTS

- Semi-Finalist, ET-AI Hackathon 2026 conducted by The Economic Times.
- Hackwise 2.0 – Shortlisted for Offline Final Round Sphere Hive KVG College of Engineering, 2026
- Participated in hackathon conducted by Adobe (Adobe India Hackthon 2025).
- Participated and cleared competition conducted by Unstop (Unstop Talent Park 2025).
- Participated in Flipkart Runway: Season 5 and Flipkart Grid 7.0 conducted by Flipkart 2025.

CERTIFICATIONS

- Introduction to Programming Using Python. (Mastering python essentials)
- Unstop Talent Park 2025
- Flipkart Runway 2025

CODING PROFILE

- LeetCode: Solved 150+ DSA problems in Arrays, Trees, Graphs, Dynamic Programming, Greedy
- GitHub: Built 15+ repositories spanning AI, Software Engineering and Full Stack Development.
